SUMMARY

Motivated and adaptable Frontend Developer skilled in HTML, CSS, JavaScript, and ReactJS. Looking for an entry-level opportunity to grow in a reputed IT company. Passionate about creating clean, user-friendly interfaces and learning from real-world experience.

SKILLS

Programming: HTML, CSS, JavaScript
Frameworks & Libraries: ReactJS, Tailwind CSS, BootStrap, Redux
Platforms: Git & GitHub , VS Code, Netlify, Figma
Concepts: Responsive Design, Cross-Browser Compatibility, Accessibility

PROJECTS

Portfolio Website   **March 2025**
- Built personal portfolio using HTML, CSS, JavaScript, Tailwind CSS
- Designed layout in Figma and created responsive UI
- Included sections like About Me, Skills, Projects, Contact
- Integrated animations and accessibility features
- Live: ritika-portfolio-website.netlify.app

E-Commerce Website   **May 2025**
- Built frontend shopping site using ReactJS & Tailwind CSS
- Added light/dark mode and responsive layout
- Reusable components for products and cart
- Implemented cart functionality with price calculation
- GitHub: github.com/RitikaSingh2408/Ecommerce_Website

INTERNSHIP

Web Development Intern – Oasis Infobyte   **July 2024 - August 2024**

Developed a responsive landing page and a Netflix-style UI clone using HTML and CSS.During this, I learned basic design rules, how to make websites look good on all screen sizes, and how to plan my work step by step. This helped me improve my frontend skills and understand website design better.
